

CORRIGENDUM-I

Multi-Lane Free Flow (MLFF) Toll System - Bahadarabad Toll Plaza

NIT Reference	NSPPL/FY26-27/RFP/MHRP/MLFF TMS System at Bahadarabad Toll Plaza/001
Corrigendum Date	19-Aug-2026

The following amendments are hereby issued to the above-referred NIT. Bidders shall read the NIT in conjunction with this Corrigendum-I.

Sl#	NIT Clause Ref.	Original Content	To be read as
1	Implementation Schedule / Scope Clauses 1.29-1.32	Clause 1.29: Maintenance period - 5 years from Acceptance of SAT. Clause 1.30: Implementation of Barrierless Free Flow system at 10-Lane Plaza. Currently the New plaza construction is in progress. The plaza shall have 05 Lanes in each direction in staggered manner. The Bank solution partner shall implement the barrierless MLFF facility in all 10 lanes. The solution shall address lane-level and plaza-level equipment, vehicle and tag identification, image-based evidence, transaction processing, exception handling, system integration, reporting, cybersecurity, acceptance testing and five-year maintenance. Clause 1.31: Dedicated MLFF Gantries. Design and installation of two dedicated MLFF gantries - one per direction - each covering two highway lanes and one shoulder. The solution shall include gantry-mounted equipment, roadside and back-office systems, utilities interfaces, transaction processing, monitoring, enforcement evidence, integration, power backup, DG, testing and five-year maintenance. Clause 1.32: Operation and Maintenance: The Bank shall be responsible for Operation and Maintenance for a duration of 05 Years with having the scope of comprehensive AMC, Insurance, technical manpower, electrical staff, DG maintenance and all essential activities to keep the system up and running. The bidder bank adheres to the NHIT EHS safety policy during the implementation and O&M period for the work execution. The EHS policy is enclosed as Annex-02.	Clause 1.29: Maintenance period - 08 (eight) years from Acceptance of SAT. further extendable by up to 02 (two) years on mutually agreed terms, subject to satisfactory performance and compliance by the Bank, at the sole discretion of NSPPL. Clause 1.30: Implementation of Barrierless Free Flow system at 10-Lane Plaza. Currently the New plaza construction is in progress. The plaza shall have 05 Lanes in each direction in staggered manner. The Bank solution partner shall implement the barrierless MLFF facility in all 10 lanes. The solution shall address lane-level and plaza-level equipment, vehicle and tag identification, image-based evidence, transaction processing, exception handling, system integration, reporting, cybersecurity, acceptance testing and 08 (eight) years of O&M, further extendable by up to 02 (two) years on mutually agreed terms, subject to satisfactory performance and compliance by the Bank, at the sole discretion of NSPPL. Clause 1.31: Dedicated MLFF Gantries. Design and installation of two dedicated MLFF gantries - one per direction - each covering two highway lanes and one shoulder. The solution shall include gantry-mounted equipment, roadside and back-office systems, utilities interfaces, transaction processing, monitoring, enforcement evidence, integration, power backup, DG, testing and 08 (eight) years of O&M, further extendable by up to 02 (two) years on mutually agreed terms, subject to satisfactory performance and compliance by the Bank, at the sole discretion of NSPPL. Clause 1.32: Operation and Maintenance: The Bank shall be responsible for Operation and Maintenance for a duration of 08 (eight) Years, further extendable by up to 02 (two) years on mutually agreed terms, subject to satisfactory performance and compliance by the Bank, at the sole discretion of NSPPL, with the scope of comprehensive AMC, Insurance, technical manpower, electrical staff, DG maintenance and all essential activities to keep the system up and running. The bidder bank adheres to the NHIT EHS safety policy during the implementation and O&M period for the work execution. The EHS policy is enclosed as Annex-02.
